

CABIN LED RENTAL

# VY PRO SERIES

Fast & Easy Maintenance Outdoor/Indoor Rental Display.

Ultra-thin and Light weight

Fast heat dissipation

High strength

Easy installation

High precision

Easy maintenance

# VY Pro Series

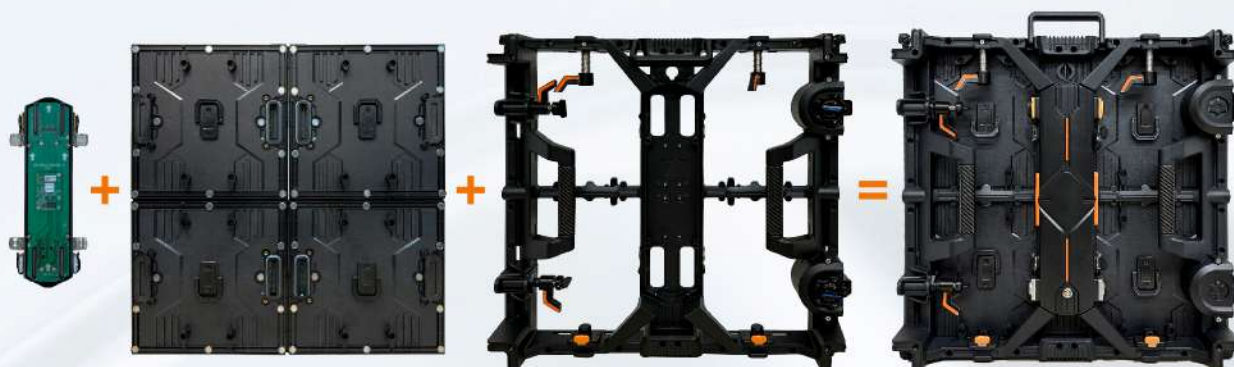

The VY Pro Series LED display features a modular design that utilizes lightweight magnesium alloy materials, simplifying both installation and maintenance. Available in both Flat and Curved cabinet options, the VY Pro Series caters to a wide range of creative stage designs.

Equipped with corner anti-collision protection, 4-side toughening, and rapid heat dissipation, the VY Pro Series ensures exceptional reliability, making it ideal for both indoor and outdoor events.

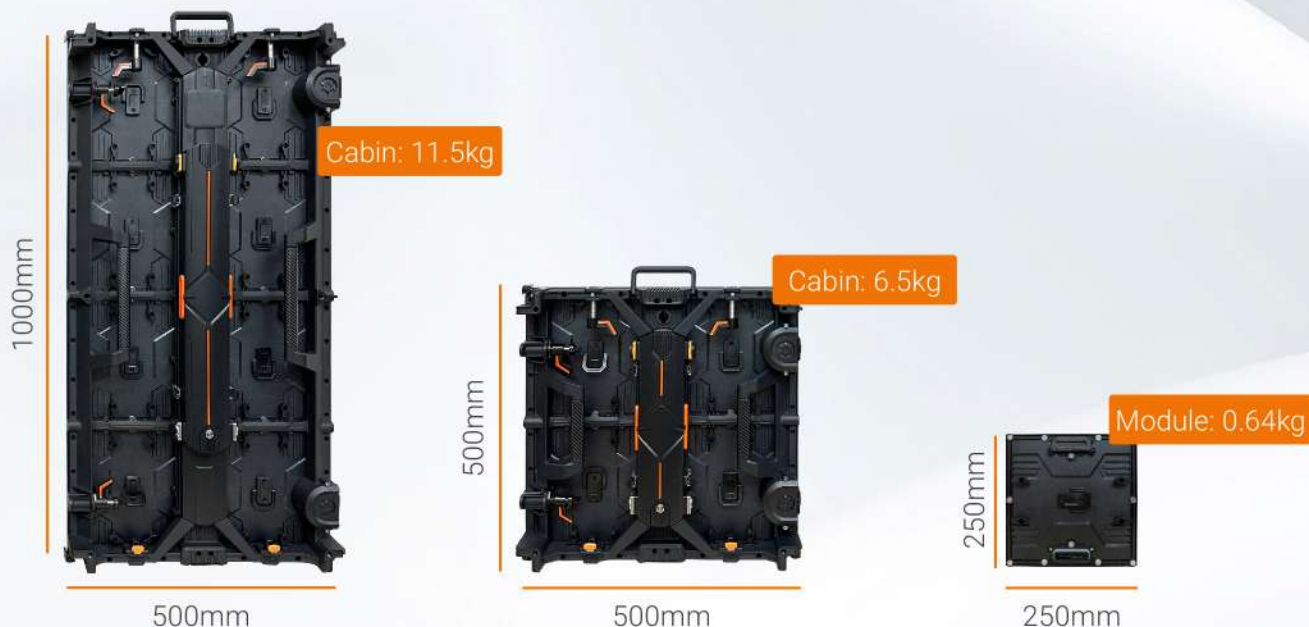

## Modular Design

Independent module disassembly; 30s spare part replacement

## Strong & Lightweight

VY Pro Series utilizes magnesium alloy material, providing high rigidity, low deformation, and reduced product weight.

# High-end Components, Superior Quality

The VY Pro Series's use of high-end components and superior technology ensures exceptional stability and performance, making it an ideal choice for demanding applications.

## Anti-Bump Welding Plate Design

Anti-bump welding plate design, even if the LED lamps were knocked off, the welding plate will not be damaged, greatly improving the LED lamp maintainability.

# Independent Power Supply Design

Pluggable power box without cable connection, quick operation when doing maintenance, tool free;

## Fast and Easy Set-up

The dual fast locks ensure an efficient installation and disassembly by one person, largely save your time and labor. Handle design makes it easy for one-man to complete the installation

## Safety

Anti-bump design for cabinets and PCB welding plate

Anti-Collision on four corners

Avoid direct contact, protect LED bulbs

# Curving Capabilities Available

The arc lock design enables concave and convex installation, creating more possibility for stage installation, meeting various demands of creative design. Also it is simple and easy-no tools from flat to curves  $90^\circ/\pm 6^\circ/\pm 3^\circ/0^\circ$

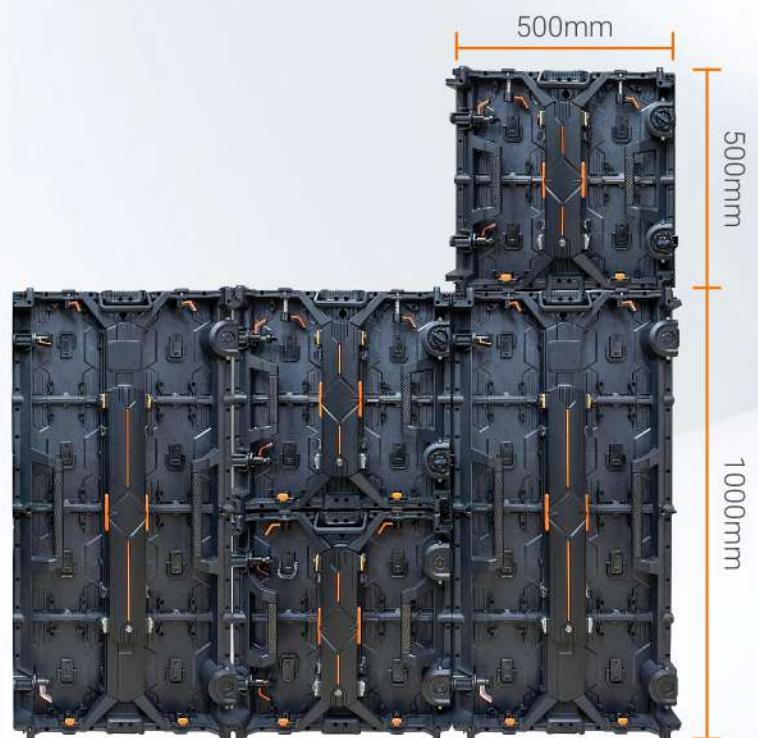

Annular assembly

Magic Cube Screen

## 90° Right Angle Splicing Optional

Ideal for cube, column solution

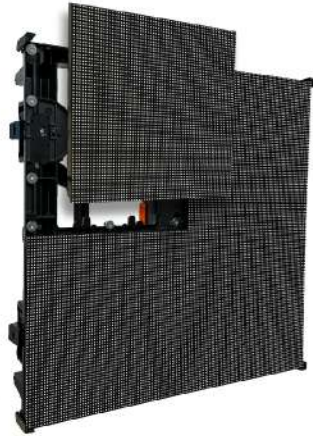

## Mixed & Match

500 x 500 mm and 500 x 1000 mm cabinets can be easily connected horizontally and vertically for different configurations.

# Front & Rear Service

Module front maintenance/ full rear maintenance , ensures stability in various installation scenarios

Front Service

Rear Service

## Superior Display Performance

Experience exceptional image quality and performance with high-brightness indoor/outdoor LED screens featuring 800 to 5000 nits brightness, a minimum  $\geq 7680$  Hz refresh rate, and 14-bit grayscale

Grayscale:

**14 bit** 

Brightness:

**800-5000 nits** 

Refresh rate:

**$\geq 7680$  Hz** 

This cabinet won **the IF Design Award**

# Specification Parameter

Product	VY-2.6 (Indoor)	VY-2.9 (Indoor)	VY-3.9 (Indoor)	VY-3.9 (Outdoor)
Pixel Pitch (mm)	2.604	2.97	3.91	3.91
Cabinet size (WxHxD/mm)	500x500x90 500x1000x90
